Did You Ever Sing
A COMIC STRIP?

No! Because there never was a musical cartoon before. But here's your chance. Go to the piano and play and sing the verses and music in the first of this new series of comic strips, which THE TRIBUNE has enlisted to help entertain and brighten you after a tiresome day.

This is the funniest new idea in "comics" invented in many a day. You will like "Them Days Is Gone Forever." Better than your favorite strip. You laugh at the usual cartoon, but this new series gives you an opportunity to sing as well as laugh. And everybody thinks he can sing. What the neighbors think is another story.

This brand new comic strip will be added to the laugh-makers that now appear regularly in
